## Legal high

Plug your MP3 player into this combined speaker and lamp, and it'll change colour in time to the beat. The Hipper Mood Creator has a standard USB socket and line-in, plus a line-out if you need party-grade sound. We find the mellow, zonked-out-ness of it very agreeable.

**£40** [www.playengine.co.uk](http://www.playengine.co.uk) Out now
